

# Kathy McKee Cancer Benefit

March 3, 2012 • 3 pm

Onalaska American Legion • 731 Sand Lake Road • Onalaska, WI 54650

In July of 2011 Kathy was diagnosed with Stage 3 Pancreatic Cancer. After undergoing surgery in August and several rounds of Chemotherapy, the cancer has spread to Kathy's liver and lymph nodes.

Kathy is currently taking the Chemo pill, which her doctors hope will slow the spread of the cancer.

As a longtime resident of the La Crosse area, Kathy now resides in Onalaska, WI. Kathy is the mother of two, Nick and Tim, grandmother of five, Noah, Nadia, Nevin, Kayla and Savannah, and a twenty year employee of Main Street Ingredients.

Prior to being diagnosed with cancer Kathy has been an active participant in West Salem's annual Cancer Relay for Life event as well as a dedicated part-time employee of Hillview of Healthcare Center. Kathy is also an active member of the Presbyterian Church of West Salem. It is here and other area churches where she has served countless community dinners to help out those in need.

It is our turn to help Kathy. Family and friends will hold a benefit to celebrate Kathy's strength and compassion for those around her on March 3, 2012 at the Onalaska American Legion. Proceeds from this event will help with Kathy's medical expenses.

The benefit will include food, auctions, music and more. Additional details will follow. Search [Kathy McKee Cancer Benefit](#) on Facebook to learn more and join our support team.
